MAXIS

MAXIS MISSION STATEMENT

Maxis brings you a unique type of computer entertainment that we call Software Toys.® When you play with our toys, you set your own goals and decide for yourself when you've reached them.

The fun and challenge of playing with our toys lies in exploring the worlds you create out of your own imagination. You're rewarded for creativity, experimentation, and understanding, with a healthy, thriving universe to call your own.

Our Software Toys entertain and educate. We hope that after you have played with them, you'll "look beyond the game" and see the world around you with greater satisfaction and appreciation.

When you see this symbol, it means that education versions are available (see How To Order for details).

When you see this symbol, it means the product is specially priced for extra savings.

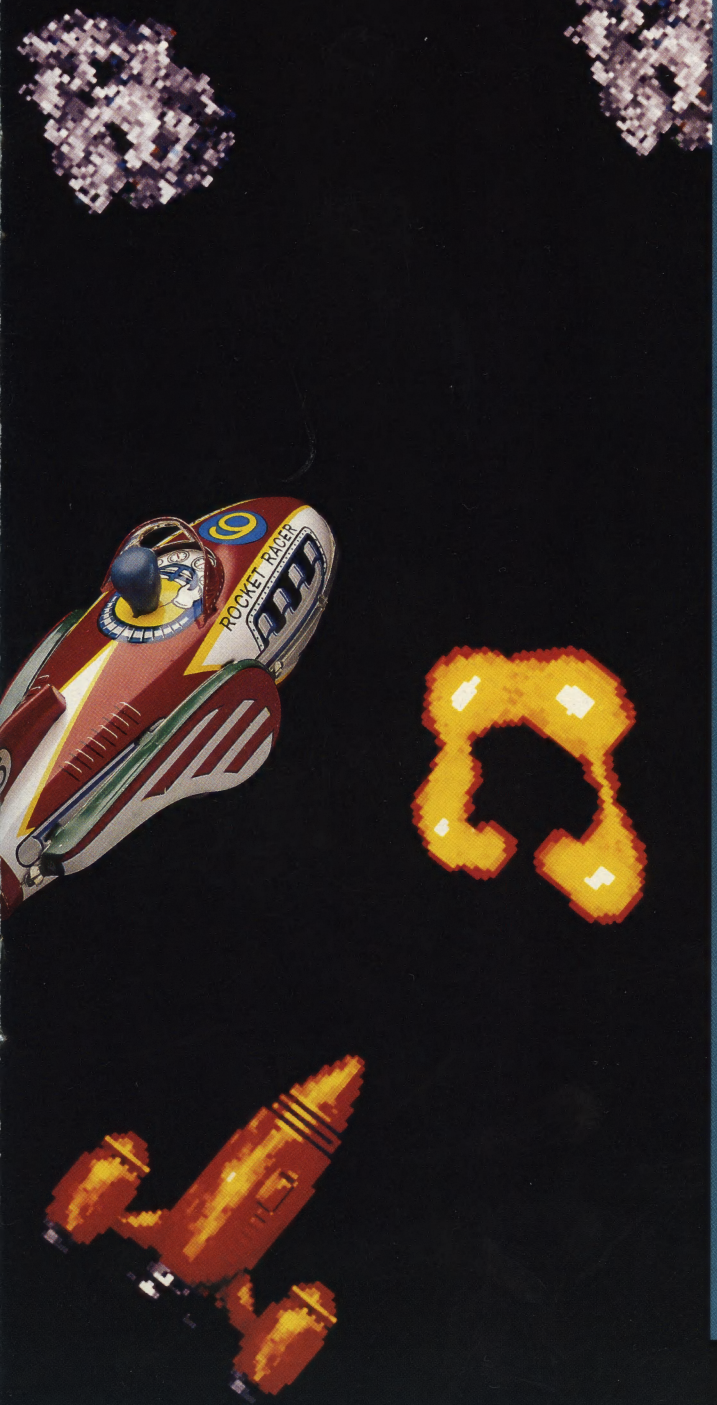
ENTERTAINMENT

KLIK & PLAY



Have you ever played a computer game and thought, "I could design a better game than that!" Well, here's your chance to prove it.

Klik & Play supplies all the parts and logic to create thousands of different games. All you add is a little imagination, stir in a touch of invention and sprinkle on a pinch of inspiration.

Hundreds of backgrounds, characters, animations, explosions and strange things to put into your games

Sound effects to get your games hopping, bopping, whooping and booming

Interactive step-through editor makes it easy to create games

Advanced techniques allow serious game designers to develop challenging multi-level games

The games you create can be saved as stand-alone applications

Available for Windows

"SimCity 2000 is one of the best programs I've ever seen."
– Todd Copilevitz,
Dallas Morning News

ENTERTAINMENT

SIMCITY 2000™

The Ultimate City Simulator

SimCity 2000 makes one of the best games of all time even better—and makes you the mayor and planner of the ultimate city-in-a-computer. Its multi-level interface is easy to control, but there's added depth and playability below the surface, waiting 'til you're ready for it. New art, features, animation, sounds, music and feedback bring your city and its resident Sims to life. If SimCity 2000 were any more realistic, it'd be illegal to turn it off.

All-new scenarios include the 1991 Oakland fire and Hurricane Hugo hits Charleston

New buildings, power sources, transportation systems, and an underground layer for water and subways

Imports cities from SimCity and SimCity Classic

Available for Macintosh/Power Macintosh, IBM/DOS and Windows

SIMCITY 2000

Scenarios Volume 1

Put more Sim in your SimCity and get more fun, more games, more excitement and more challenge with more scenarios for SimCity 2000.

SimCity 2000 Scenarios Vol. 1: Great Disasters provides 10 challenging scenarios with explosions, fires, volcanoes, riots and other good stuff!

Available for Macintosh/Power Macintosh, IBM/DOS and Windows

ENTERTAINMENT

SIMHEALTH™

NEW

The National Health Care Simulation

Health care in this country is undergoing a monumental change. SimHealth turns you into an elected official charged with designing a national health care system. You make the tough decisions—and live with the consequences.

SimHealth is not a predictive model. But it will demonstrate how all the different aspects of health care interact, and give you the background and understanding you need to discuss and participate in the upcoming changes.

You can:

Simulate and test President Clinton's plan

Explore proposals by Senators Chafee or Gramm, or Representatives McDermott or Michel

Create your own health care system from scratch, based on your personal values

Available for IBM/DOS
16- and 256-color versions available

$

"If you're confused — or dead certain — about how the United States should solve its health crisis, you'll have a blast with this program."
— *PC Gamer*

ENTERTAINMENT

SIMCITY CLASSIC™

The Original City Simulator

The original. The classic. The simulation that took the computer world by storm (well, by earthquake anyway). Winner of more awards than you can count on your fingers and toes, SimCity Classic makes you Mayor and City Planner, and dares you to design and build the city of your dreams.

Select between eight different city scenarios, or design and cultivate unlimited cities

Fight floods, earthquakes, fires, tornadoes, meltdowns and monsters

Available for Macintosh, IBM/DOS and Windows

SIMCITY CLASSIC™ GRAPHICS

Design and build cities in other times and other places with the SimCity Classic Graphics.

Includes six different graphics sets:

Three Ancient Cities: Ancient Asia, Medieval Times and Wild West

Three Future Cities: Future USA, Future Europe and Moon Colony

*Available for Macintosh and IBM/DOS**

*The IBM/DOS version works with SimCity Classic for Windows.

"...a classic in the truest sense of the word."
— *Compute*

TO ORDER CALL 800-33-MAXIS

ENTERTAINMENT

SIMFARM™

SimCity's Country Cousin

Experience the joys, trials and tribulations of running a farm—without waking up at five in the morning. You start with a plot of good farmland. Do you want a small family farm—or an agricultural empire? Do you want to produce food for the local town—or feed the world's hungry masses? Do you use the latest chemical fertilizers and pesticides—or run an "organic" farm? It's up to you.

24 different crops, each with its own planting, sprouting, growing, harvesting and storage needs

Raise cows, horses, pigs and sheep

Available for Macintosh, IBM/DOS and Windows

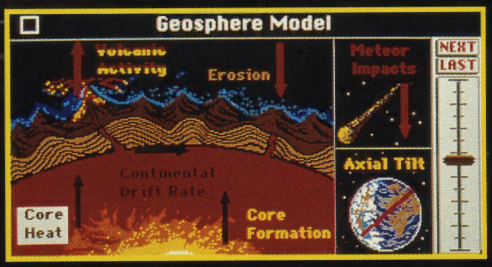
"...quite fascinating to watch and quick to get into."
— *Strategy Plus*

SIMEARTH®

The Living Planet

Design and nurture planets from their creation through the evolution of life to the development of intelligence and technology that can reach for the stars. Inspired by James Lovelock's Gaia hypothesis, SimEarth looks at the world as one interrelated living organism offering you the ultimate experience in planet management.

Available for Macintosh, IBM/DOS and Windows



"[Sim Earth]... offers something no other program can... things really get interesting."
— *Time*

ENTERTAINMENT

UNNATURAL SELECTION™

You're a genetic engineer, pushing the bounds of human knowledge and designing new creatures for the good of humanity—but a fellow scientist goes bad and begins breeding monsters to take over the world. The only way to save the world is to design, mutate and breed your own powerful fighting creatures and strategically deploy them to destroy the mad scientist's evil monsters.

The new CD-ROM version features never-before-seen video footage that introduces the plot and enhances the island adventures.

Available for IBM/DOS
CD-ROM version available

Value Pricing available for IBM/DOS floppy disk version only.

$

"...great appeal for those who have always wanted to play the part of a mad scientist."
— Mariva Aviram,
Info World

SIMCLASSICS™

Maxis Collection 1

Now appearing together for the first time, three classic award-winning Sim games:

SimCity Classic, The Original City Simulator

SimLife, The Genetic Playground

SimAnt, The Electronic Ant Colony

Three of the best games that ever graced a computer screen—all in one package.

Available for Macintosh, IBM/DOS and Windows

DARING TO FLY!

NEW

From Icarus to the Red Baron

by Arnowitz Studios

Daring to Fly! is a multimedia CD-ROM that explores the early dreamers and pioneers of aviation from Magic, Myths and Legends to the Evolution of Wings to the Science of Flight through World War I and the Red Baron. When you take off with Daring to Fly!, you'll be treated to more than 30 interactive exhibits, stories and tours filled with video, sound and hundreds of images from photographers, artists and the news media.

CD-ROM Only
Available for Macintosh and Windows

NEW

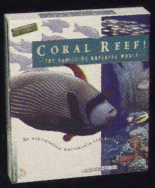
CORAL REEF!

The Vanishing Undersea World

by Arnowitz Studios

Coral Reef! is an interactive exploration of the sights, sounds and beauty of the complex and delicate coral reef ecosystem. Through video, audio and hundreds of spectacular images, Coral Reef! provides habitat explorations, stories and tours of the undersea world that show you how the fish, plants and animals live, breed and survive.

CD-ROM Only
Available for Macintosh and Windows



NEW

ENTERTAINMENT

WARPLANES

Modern Fighting Aircraft

by Maris Multimedia, Ltd.

Warplanes is an interactive multimedia encyclopedia of military aircraft and aviation. Modern Fighting Aircraft, covering military aircraft in service from 1976 to the present day, is the first of six volumes in the most comprehensive survey of military aircraft published in any media.

Includes technical and service data on over 500 aircraft and over 100 weapons systems

Over 1,000 full-screen photographs

Over an hour of live-action video

Super-realistic 3D rendered models of major aircraft and military airfields

CD-ROM Only
Available for Macintosh/Power Macintosh and Windows

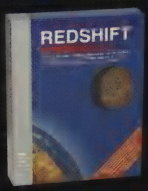
REDSHIFT™

The Multimedia Planetarium

by Maris Multimedia Ltd.

A very special CD-ROM, RedShift has already won several awards. RedShift's virtual reality software carries you on a voyage of discovery through our solar system and to the stars beyond. You can view planets and moons in photo-realistic close-up, each one accurately modeled using NASA surface maps and photographs. Clicking on any object links you to any one of 2,000 entries in the Penguin Dictionary of Astronomy. Includes 700 of the world's best space photographs.

CD-ROM Only
Available for Macintosh/Power Macintosh and Windows



"...Red Shift is a multimedia classic... it is a must have."
— The Mac Magazine

WRATH OF THE GODS™

A Graphic Adventure Based On The Greek Myths

by Luminaria

Discover the secret of the Labyrinth, fly on the back of Pegasus, steal the Golden Fleece from a fire-breathing dragon. In Wrath of the Gods, you take on the role of a hero on a quest to regain your kingdom. In this photo-realistic CD-ROM adventure game based on the Greek myths, you'll explore over a hundred scenes from original photographs of Greece. Fight monsters, encounter colorful live-action characters and experience the exploits of the greatest heroes of all time.

CD-ROM only
Available for Macintosh and Windows

"...its multitude of puzzles, well written script, and fine acting offers CD-ROM gamers an absorbing — and satisfying — gaming experience."
— PC Gamer

BASEBALL FOR WINDOWS™

A Premier Action Strategy Game

by Miller Associates

Baseball for Windows gives you the complete baseball experience—from starting your own league to making the game-winning (or losing) decisions on the field. Play against a friend, challenge two expert computer managers, or relax in Spectator Mode. Includes four powerful programs that give you total control—APBA Baseball, StatMaster, Advanced Draft, and League Manager.

HOW TO ORDER

Your local software retailer most likely carries our Software Toys and would be happy to sell you a unit or three. Or, you can:

ORDER TOLL FREE: 800-336-2947

For fast, personal service call M-F 6:00 a.m. - 6:00 p.m.* Pacific Time. Please have your order form, order code and credit card handy. We accept MasterCard and VISA. Your credit card will not be charged until your order is shipped. (Minors must be properly authorized by the owner of the credit card to order). From outside the U.S., please call 510-254-9700.

ORDER BY FAX: 510-253-3736

Complete the order form and fax to 510-253-3736. Be sure to include all credit card information, your signature and daytime phone number in case we need to reach you.

ORDER BY MAIL

Complete the order form and mail it in the attached postage paid envelope. Be sure to include your check or money order payable to MAXIS, or your credit card information, signature and daytime phone number in case there are any ordering or shipping questions.

SHIPPING

Once your order has been received, it will ship within 48 hours (pending approval of your credit card order) via 1st class mail unless otherwise specified. Please allow 6-10 days for delivery.

FREIGHT CHARGES

For U.S. orders only: $5.00 plus 50¢ for each additional item. For orders outside of the U.S.: please call 510-254-9700.

SPECIAL DELIVERY

It is possible to ship your order via FedEx Economy Two-Day℠ delivery for $8.00 ($3.00 plus Standard Freight) or FedEx Standard Overnight® delivery for $15.00. Please include your daytime phone number; it is required by Federal Express. (NOTE: Special Delivery is not available to a P.O. Box-only address, so be sure to include a street address or rural route number.)

PAYMENT

We require U.S. funds only and will accept payment by check, money order, VISA or MasterCard. Purchase orders valued at $50.00 or more will be accepted from schools, universities and government agencies.

SALES TAX

CA, IL, MA, and TX residents, please add applicable sales tax.

EDUCATORS

For information on Maxis education products (School Editions, Lab Packs and Site Licenses), call Maxis Customer Service at 800-996-2947. All education products include a Teacher's Guide with an explanation of how to fit the program into your curriculum, sample lessons and experiments, handouts and extra activities.

MAXIS MAXIMS

THE MAXIS GUARANTEE

We want you to be happy. We do our best to make software that is both fun and trouble free, but if there is a problem, let us know. If you are not completely satisfied with your purchase, you should consult the return or exchange policy at the place of purchase. If all else fails, you may exchange it for a different Maxis catalog product of equal or lesser value. Just send back the program to the address below, with your dated sales receipt within 30 days of purchase and a check or money order for $5.00 to cover return freight, and specify your choice of product for exchange. We are not responsible for lost shipments. If the exchange order amount is higher than your return credit please include payment. Dealers and Distributors are not eligible.

DISK WARRANTY

Maxis provides a 90-day limited warranty on the recording media. For disk replacement contact Maxis Customer Service or Technical Support.

MAXIS CUSTOMER SERVICE

For catalog orders, direct order status, the location of your nearest software retailer, exchange information, latest software updates, warranty disk replacement, shipping information or general stuff contact Maxis Customer Service at 510-254-9700, M-F 6 a.m. - 6p.m.* (Pacific Time), or by Fax at 510-253-3736, or by mail at Maxis Customer Service, 2 Theatre Square, Orinda, CA 94563-3346.

MAXIS TECHNICAL SUPPORT

For technical questions dealing with hardware and software compatibility, startup problems, system errors and other unexplained phenomena, refer to your manual addendum. If the problem persists, then follow these directions before contacting Technical Support: 1) Gather all information that applies to the problem. Note or print out any onscreen error messages you get when the problem occurs. 2) Write down all of the steps that you have taken to correct the problem, along with any error messages the computer has given you. 3) Be sure that you know your hardware configuration, operating system version, memory, monitor type, etc. 4) When you call, please be in front of your computer with the power on. Have your manual, product disks and registration number available and contact Maxis Technical Support by calling:

510-253-3755
(M-F 8:00 a.m. – 6:00 p.m.* Pacific Standard Time)
Fax 510-253-3736

or by mail at:
Maxis Technical Support
2 Theatre Square
Orinda, CA 94563-3346

*Customer support hours are subject to change.

24 HOUR TECHNICAL SUPPORT FOR MODEM USERS!

The Maxis Bulletin Board Service (BBS) via modem at **510-254-3869** provides on-line access to the latest frequently asked questions and product technical information, software demos, updates, extra files, swap-able files, and the Technical Support message base. There is no charge for Maxis BBS usage, and full user access is granted upon completion of a brief questionnaire. We run at 14,400 and all lower baud rates and require a setting of 8 data bits, no parity and 1 stop bit (8-N-1).

We Also Provide On-Line Technical Support on the Following Subscription Services:

America OnLine: Keyword "Maxis"; E-Mail "Maxis". AOL can be obtained by calling 1-800-827-6364 and asking for a free introductory sign-on kit. Five hours of free time are provided with the first month.

CompuServe: Go "gambpub" and select "Maxis" (section 8); CompuServe can be obtained by calling 1-800-524-3388 and asking for operator #420 to receive a free introductory membership, $15 usage credit, and a month's worth of basic services free.

GEnie: Scorpia's Roundtable, Maxis Area; E-Mail "Maxis". GEnie can be obtained by calling 1-800-638-9636. There is no initial sign-on fee.

Apple Link: E-Mail "D4459".

Prodigy: E-mail address is MAXI99A.

SimAnt®

The Electronic Ant Colony Lead your ant colony as it struggles to survive the onslaught of other ants, spiders, ant lions, floods, lawn mowers, deadly pesticides and human feet.

Available for Macintosh, IBM/DOS, Windows and SNES

SimLife®

The Genetic Playground Breaking the barriers between games and simulations, playing and learning—even between machines and life—SimLife lets you build your own ecosystem from the ground up.

Available for Macintosh, IBM/DOS and Windows

A-Train®

The (Rail) Road to Riches A-Train gives you the triple challenge of Trains, Cities and Money: design and run a profitable railroad, grow a city and build a financial empire. Includes the A-Train Construction Set™.

Available for Macintosh and IBM/DOS

El-Fish™

The Electronic Aquarium You've seen fish on a computer before, but you've never seen fish this bright, beautiful, colorful—or realistic. Breed and animate electronic fish, then design, create and decorate your own electronic fish tanks.

Available for Macintosh and IBM/DOS

Rome

Pathway to Power® Immersed in historical (and hysterical) Ancient Rome, you'll experience adventure, discovery, danger, and intrigue—and a few good laughs—on your way to the top.

Available for IBM/DOS

RoboSport®

The Thinking Man's Shoot-'em-up You control teams of Robots that compete in five different sports. Play against the computer or against humans via network or modem.

Available for Macintosh and Windows

Doodle-mation™

The Doodle Pad for the Electronic Age by ScreenMagic, Inc. Doodle-mation is a seriously silly dose of color, motion and sound. Like a massage for your eyes, ears and brain, it soothes, calms and frees your mind.

Available for Macintosh and Windows

A-Train Railroading

by Ralph Roberts Playing tips, railroad lore and historic photographs set the mood, fill in the background and help you do your best in A-Train. Also covers A-Train Construction Set.

The SimEarth Bible

by Johnny Wilson As well as guiding you through the basic workings of the game, The SimEarth Bible examines all the scenarios and relates them to our present and future lives.

A-Train — The Official Strategy Guide

by Nick Dargahi Filled with techniques, strategies, hints, secrets, and background material, this guide is your best bet for playing A-Train for fun and profit. Also covers A-Train Construction Set.

Master SimCity/ SimEarth

by Dan and Dennis Derrick As the title suggests, this book covers both SimCity and SimEarth, and includes performance tips, problem-solving hints, plus a chapter for classroom instruction.

SYSTEM REQUIREMENTS

	DOS									WINDOWS
